Series 1: 36 hours / 9 modules:

Each module threads together core themes of teamwork, child and youth development, communications, guiding children's behaviour, family support, diversity and inclusion, and the Ministry of Children and Family Development Guardianship Model. In many cases, modules will refer to or draw upon content from previous modules so it is recommended that Series 1 modules be taken in the sequence below.

S1 - 1 Caring for Children: Overview—3 hours

The first module provides an overview of the training program with an emphasis on MCFD's Guardianship Model, the concept of teamwork, and the roles and responsibilities of those providing care to children. Common themes for successive modules are introduced. Themes include child and youth development, developing relationships and communication skills, guiding children's behaviour, supporting families, and respecting the diversity of children and families.

S1 - 2 Communication Skills & Self-Awareness—3 hours

This module addresses why effective communication skills are foundational to caregiving relationships with children, youth, families, and members of the child care team. The importance of how self-awareness impacts our communication and relationships with others is emphasized.

S1 - 3 Effects of Caregiving—3 hours

Learners explore the possible impacts of caregiving on the foster family and on self. Relationships within neighbourhood and community are also discussed. The signs and sources of stress will be addressed, as well as methods for managing them.

S1 - 5 Observing, Recording, & Reporting—3 hours

This module addresses the importance of communicating succinct, accurate, and relevant information to the child's worker and other professionals involved with the child. Participants will learn about the benefits and purposes of observing and recording, describe the differences between behavioural description and behavioural interpretation, identify what is relevant to record in a daily log, and discuss when to report relevant information to the appropriate member of the care team.

S1 - 7 Attachment, Separation, & Loss—6 hours

A child being placed in foster care can experience separations from his parents, family members, and other significant people who affect their development and behaviour. In this module, the learner will focus on understanding attachment and loss of attachment through discussion in small groups and through the use of case studies. Participants will also learn to promote healthy attachments in the children/youth in their care.

S1 - 8 When Children Experience Abuse & Neglect—6 hours

Learners will explore how to recognize the symptoms and indicators of abuse and neglect and the effect on children. Understanding how to support a child who is disclosing will be discussed.

S1 - 9 Guiding Behaviour of Children & Youth—6 hours

This module will introduce ways of understanding and guiding behaviours using a child/youth-centred approach. Learners will explore ways of understanding and being with children and youth where behaviours may present challenges.
