Each module threads together core themes of teamwork, child and youth development, communications, guiding children's behaviour, family support, diversity and inclusion, and the Ministry of Children and Family Development Guardianship Model. In many cases, modules will refer to or draw upon content from previous modules so it is recommended that Series 1 modules be taken in the sequence below.

The first module provides an overview of the training program with an emphasis on MCFD's Guardianship Model, the concept of teamwork, and the roles and responsibilities of those providing care to children. Common themes for successive modules are introduced. Themes include child and youth development, developing relationships and communication skills, guiding children's behaviour, supporting families, and respecting the diversity of children and families.
