

COVID-19 Updates

From the Prime Minister's daily address at 8:00am, to Dr. Bonnie Henry's daily briefing at 3:00pm, to the late night news, we are bombarded by news of COVID-19. These scheduled daily updates are in addition to the constant beeps, pings, and notifications on Facebook, Twitter, and a long list of other Social Media platforms. It is an overwhelming cacophony of facts, misinformation, recommendations, and warnings. Information that is accurate at the time of FPSS printing this newsletter may be outdated by the time you read it. Instead, we offer links to resources you can turn go to access curate, reliable information. You are also more than welcome to contact your local Area Coordinator or the Regional Office by email or phone with questions or concerns. Though hugs are currently unavailable, our support remains steadfast.
